Tactical Risk Solutions

Risk doesn't take a break. Neither do we — we're focused on your business year-round. Through proactive guidance, we uncover emerging risks before they escalate, helping you reduce exposure, cut costs, and improve outcomes.

Our Risk Mitigation Framework: Predict, Prepare, Preempt

The Tactics Behind the Framework

The Result

Your insurance program becomes an **active risk management tool**, not just a financial transaction. The result is **greater confidence, improved clarity**, and a risk strategy **designed to support your business year-round**, today and into the future.

Protect+ Risk Management Center

Comprehensive Risk Management, Employee Safety, & Compliance

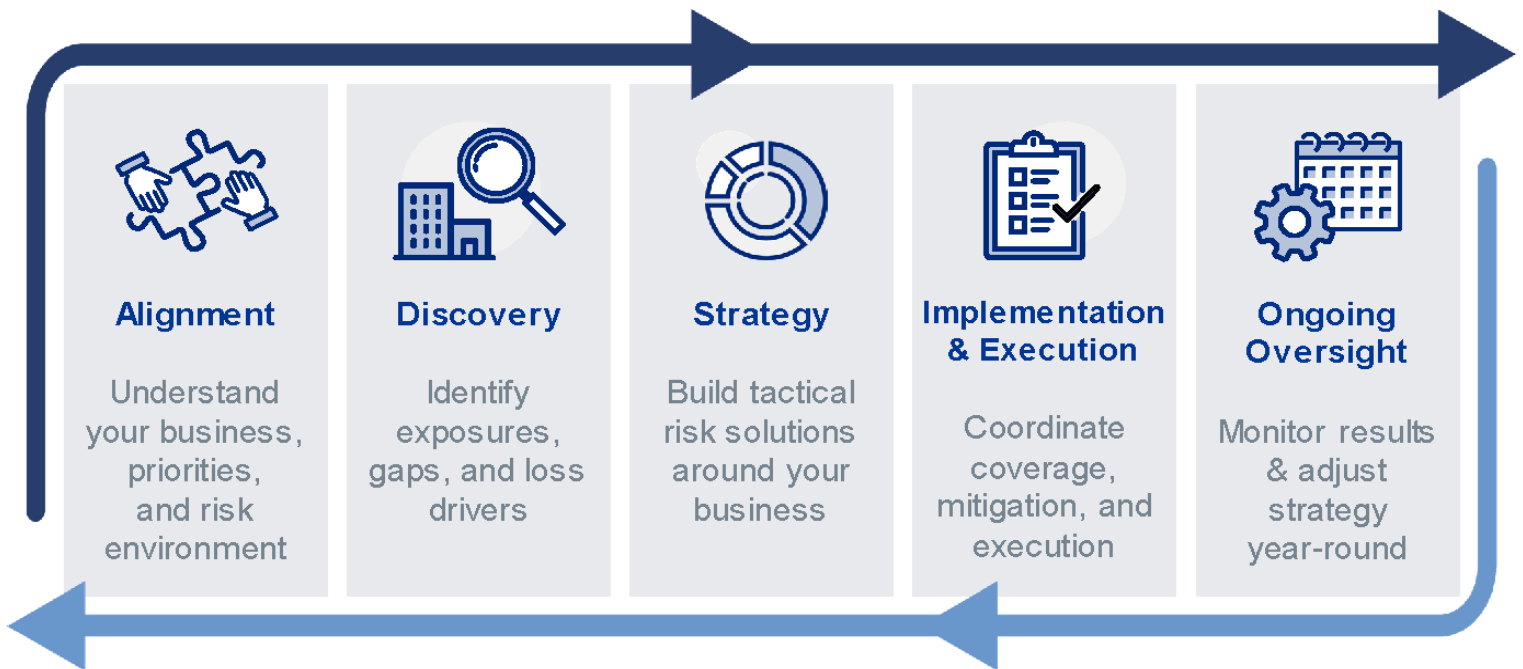

Help protect your company with the Risk Management Center, a unique web-based software suite of safety and risk management tool designed to empower your organization's risk mitigation efforts.

Our Service Model

Year-Round Service Cycle

Risk can reveal gaps in your insurance program anytime, not just at renewal. That's why our service cycle is designed to protect your business year-round.

A Clear Path to Better Outcomes

- + **Clarity in a complex risk environment:** A structured, year-round approach replaces reactive decisions with informed action.
- + **Fewer surprises and better predictability:** Risks are identified and addressed before they escalate into losses.
- + **Stronger alignment to business goals:** Risk strategy evolves as your operations, priorities, and growth change.
- + **More effective use of insurance and mitigation:** Coverage, controls, and resources work together, not in silos.
- + **Improved outcomes over time:** Reduced exposure, better cost control, and sustained performance.

A Dedicated Team

A Tactical Team Embedded in Your Risk Strategy

A cross-functional team works as an extension of your organization to anticipate challenges, coordinate strategy, and reduce your total cost of risk.

Instead of individual services working independently, we implement a coordinated game plan designed to manage risk from every angle - integrating people, data, and strategy into a single operating model.

- **Unified strategy:** All risk disciplines aligned around one coordinated approach
- **Cross-functional execution:** Teams work together seamlessly, eliminating silos
- **Proactive decision-making:** Insights shared early to anticipate challenges and reduce surprises
- **Measurable results:** Fewer gaps, faster response, and improved claims performance — driving a lower total cost of risk

Data-Driven Insights

Clarity Through Claims and Loss Analysis

By analyzing loss trends, experience modification history, and industry benchmarks, we help identify risk drivers, validate progress, and focus mitigation efforts where they have the greatest impact.

Navigate Risk with Confidence

Risk doesn't take a break, so neither do we.

Year-Round Focus

Risk management that extends beyond renewal.

Proactive Guidance

Insight before issues become disruption.

Predict, Prepare, Preempt

Risk identified early, action taken sooner

Reduced Exposure

Stronger protection across operations, people, and contracts.

Controlled Costs

Smarter mitigation leads to greater predictability.

Improved Outcomes

Strategy that supports long-term performance.

Insurance alone doesn't manage risk. Strategy, oversight, and action do.

How much could your business gain by getting ahead of risk?

Next Steps

The next step is to begin a focused review of your risk profile. This initial phase allows us to validate priorities, uncover opportunities for improvement, and begin building Tactical Risk Solutions aligned to your business.

- + Risk Control Visit
- + Claims & Loss Review
- + Other Next Steps

Depending on your priorities, we recommend starting with one of the reviews above, or both if appropriate.

Following the review, we'll summarize findings, confirm focus areas, and outline recommended next steps to support your year-round risk strategy.

Consolidated Service Agreement

Scope of Services

This agreement outlines the services provided by Marshall+Sterling in support of your risk management and insurance program. Services may include, but are not limited to, brokerage services, advisory support, risk mitigation, claims advocacy, data and analytics, and technology-enabled solutions, as outlined in this proposal.

Service Structure

Services are delivered through a coordinated, cross-functional team aligned to your organization and supported by a year-round service model. The scope and level of services provided are tailored to your business, risk profile, and operational complexity.
