NOTICE OF TERRORISM COVERAGE AND DISCLOSURE OF PREMIUM

The Terrorism Risk Insurance Act, as extended and reauthorized ("Act"), established a program within the United States Department of the Treasury, under which the federal government shares, with the insurance industry, the risk of loss from certain future acts of terrorism and in the case of workers compensation coverage, acts of war. This Act applies when the Secretary of the Treasury certifies that an event meets the definition of an act of terrorism, which is an act committed by an individual or individuals to coerce the government or population of the United States, that results in aggregate losses of \$5 million or more.

In accordance with this Act, we are required to continue to offer you coverage for losses resulting from an act of terrorism that is certified under the federal program. The policy's other provisions will still apply to such an act. The premium for this coverage will be disclosed for each coverage part as shown on the quote proposal provided by your agent.

This premium is included in, and is not in addition to, the premium shown in the Account Premium.

DISCLOSURE OF FEDERAL PARTICIPATION IN PAYMENT OF TERRORISM LOSSES

The United States Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a Program Year (January 1 through December 31), the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

Further, this coverage is subject to a limit on our liability, pursuant to the federal law where, if aggregate insured losses attributable to terrorist acts certified under the Act exceed \$100 billion in a Program Year (January 1 through December 31) and we have met our insurer deductible under the Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation with procedures established by the Secretary of the Treasury.
